Cornice and Valance Features

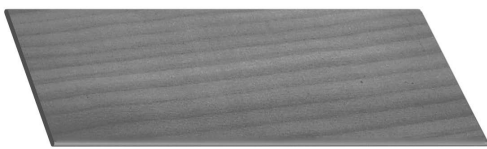

Cornices and Valances easily lend an impressive touch to windows and doors.

Used on their own or over window treatments, Cornices and Valances are as decorative as they are functional.

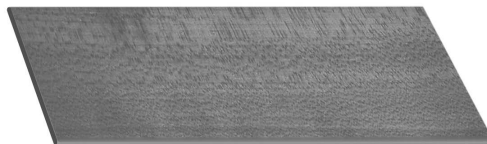

- Dress up a drab window
- Enlarge a window
- Conceal headrails or hardware
- Hide imperfections
- Unique characteristics of premium hardwood ensure one-of-a-kind Cornices and Valances
- Custom color option is available for Regal and Noble Cornices
- Decorative keystones add strength and dimension to Regal and Noble Cornices
- Fabric-wrapped Cornices can create a coordinated or contrasting look

Note: Fabric-wrapped Cornices can only be ordered as an outside mount.

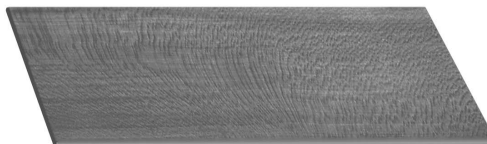

WOOD CHARACTERISTICS

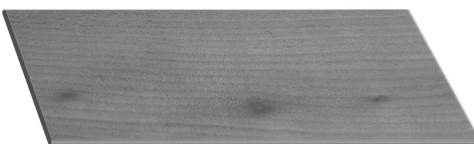

Flat Grain

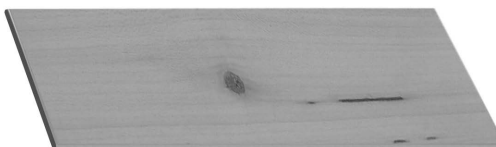

Grain Change

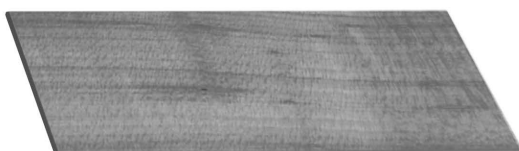

Tiger Stripping

Burl/Bird's Eye

Pin Knots

Mineral Marks

Wood used to manufacture Graber wood valances and cornices has many natural characteristics which make it truly unique. The following are all natural characteristics of wood, and we do not consider them to be defects:

Grain	The direction, size and appearance of wood fibers vary greatly depending on where the wood is cut from within the tree.
Burl	Formed from an irregular growth on the outer edge of the tree.
Bird's Eye	Small area on the surface of the board where fibers are contorted to form circular figures that resemble birds' eyes.
Pin Knots	Vary in size, shape, structure and color.
Mineral Marks	Dark or discolored areas caused by minerals which the tree extracts from the water or soil. Can be either a streak or a stain, usually blackish blue.

Please be assured that these markings in no way affect the durability or the structural integrity of the product.

Natural variations in color and grain are inherent in the beauty of wood. These variations are within established industry guidelines and should be expected. When two or more pieces of wood are spliced together to create wider valances or cornices, there may be variations in the dye lot and grain between the sections. In addition, valances and cornices may stain slightly darker or lighter than the samples shown in the sample books and selectors.

Size Considerations

CORNICE AND VALANCE SIZE CONSIDERATIONS

Cornices and valances wider than the widths shown in the column "Maximum Width Without Splicing" will be manufactured in multiple sections. The sections must be assembled during installation. Symphony Cornice cannot be spliced.

Type of Valance or Cornice	Minimum Width		Maximum Width Without Splicing		Maximum Width With Splicing or Keystones	
	Inside Mount	Outside Mount	Inside Mount without returns	Outside Mount	Inside Mount	Outside Mount
4" Classic Wood Valance	8¼"	8"	94"	93 ³ / ₁₆ "	193"	193"
4" Curved Wood Valance			94"	92 ¹ / ₈ "		
4½" Symphony Wood Valance			94"	92 ¹ / ₁₆ "		
4½" Symphony Wood Cornice	8¼"	8"	94"	92½"	94"	92½"
5½" Noble Wood Cornice			94"	92 ¹ / ₈ "	366"	366"
7½" Noble Wood Cornice			94"	91 ⁷ / ₁₆ "		
5½" Regal Wood Cornice			94"	91 ³ / ₁₆ "		
7½" Regal Wood Cornice			94"	90 ¹ / ₁₆ "		

See backside measurements chart below for calculations based on product selected.

Valances

- Outside mount standard with returns
- Inside mount standard without returns

These formulas are used to calculate **BACKSIDE** Valance measurements.

Valance Mount	Blind Types	Valance Profiles	Formula
Inside Mount with No Returns	All Blind Types	All	Ordered width - ¼"
Inside Mount with Returns	All Blind Types except: Natural Drape Sheer Vertical	All	Ordered width + ¾"
	Natural Drape*	All	Ordered width + 1"
	Sheer Vertical*	All	Ordered width + ½"
Outside Mount with No Returns	All Blind Types except: Sheer Vertical	All	Ordered width + ½"
	Sheer Vertical*	All	Ordered width + ¼"
Outside Mount with Returns	All Blind Types except: Natural Drape Sheer Vertical	All	Ordered width + ¾"
	Natural Drape*	All	Ordered width + 1"
	Sheer Vertical*	All	Ordered width + ½"

* Available September 2011.

Cornices

- Outside mount all have returns and dust cover
- Inside mount returns and dust cover not available

These formulas are used to calculate **BACKSIDE** Cornice measurements.

Valance Mount	Blind Types	Cornice Profiles	Formula
Inside Mount with No Returns	All Blind Types	All	Ordered width - ¼"
Inside Mount with Returns	All Blind Types	Not available	
Outside Mount with No Returns	All Blind Types	Not available	
Outside Mount with Returns	All Blind Types except: Natural Drape* Sheer Vertical* Sliding Panels	All	Ordered width + ¾"
	Natural Drape*	All	Ordered width + 1"
	Sheer Vertical* and Sliding Panels	All	Ordered width + ½"

* Available September 2011.

If the product option of **OTHER** is selected during entry, the **BACKSIDE** cornice/valance measurement will be the exact width entered. There will be no additions or deductions taken. Cornice or valance return size must be specified.

Cornice Options

WOOD CORNICES

- Crafted from premium hardwood
- Fine furniture-quality finish
- L-brackets are included for easy installation
- Noble and Regal cornices available in unfinished, custom color and all Traditions® paints and stains
- One side return available – opposite end will be straight cut

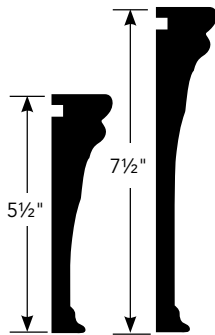

- Outside mount has mitered corners, returns and a dust cover to conceal the top of the blind
- Inside mount has straight-cut ends, no returns, no dust cover
- See page 10 for measuring instructions
- **Cornices not available on bay or corner windows**

NOTE: Wood cornice will be shipped separate from blinds. Manufacturer recommends installing blind and cornice at the same time.

Regal Wood – Outside Mount

Regal Wood – Inside Mount

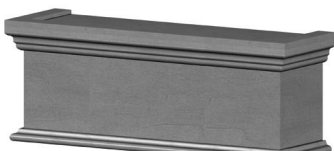

Regal Wood Cornice

The magnificent Regal Wood Cornice, available in either a 5½" or 7½" size and in stained or painted finishes, crowns your blind with style and sophistication.

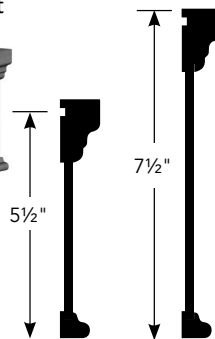

Noble Wood Cornice

The stately design of the Noble Wood Cornice, available in either a 5½" or 7½" size and in stained or painted finishes, lends an impressive appearance to larger, wider windows.

Cornice Options

DECORATIVE KEYSTONES

- Decorative keystones are required on Regal and Noble cornices that require splicing.
- Keystones can also be requested on cornices without a splice
 - Minimum width with a keystone: 12"
 - Maximum number of keystones: 3
- The keystone will be equally spaced
- Keystones will be stained or painted to match the cornice color ordered as standard; optional different color selection available

- Keystone dimensions:
 - 7½" Noble and Regal: 8½" x 9¾"
 - 5½" Noble and Regal: 6¼" x 7¾"

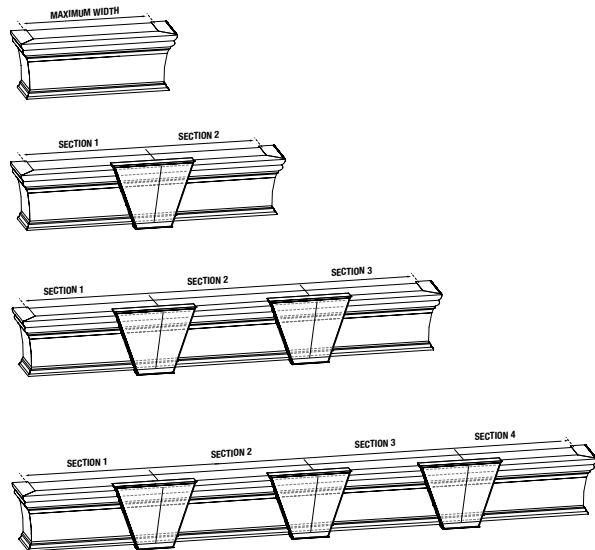

SPLICE REQUIREMENTS

Cornice Profile	Number of Sections	Number of Keystones	No Returns		With Returns (Inside Dimensions)	
			Minimum	Maximum	Minimum	Maximum
5½" Noble Cornice	1	0	8"	94"	8"	82⅞"
	2	1	94⅙"	185⅙"	82⅙"	185⅙"
	3	2	185⅙"	280⅙"	185¼"	278¼"

	3	2	186⅙"	278⅙"	182⅙"	274⅙"
	4	3	278⅙"	366"	274⅙"	366"

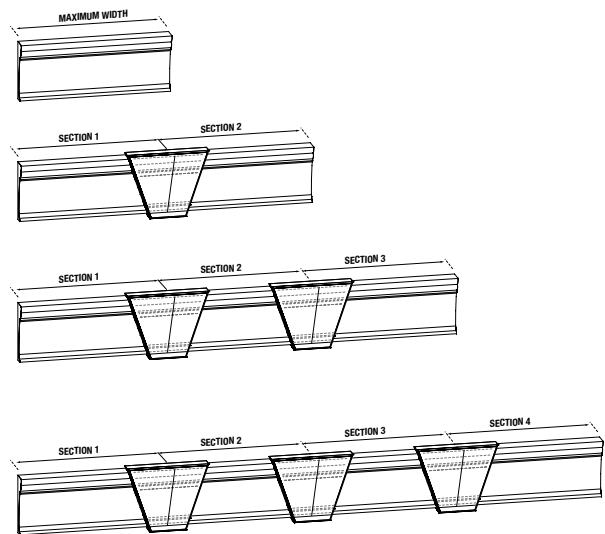

Outside Mount

- Cornices requiring a splice will include keystone (see chart above for details)
- Keystones will be equally spaced as illustrated
- Optional keystones can be ordered with single piece cornices.
- Minimum width with a keystone 12"

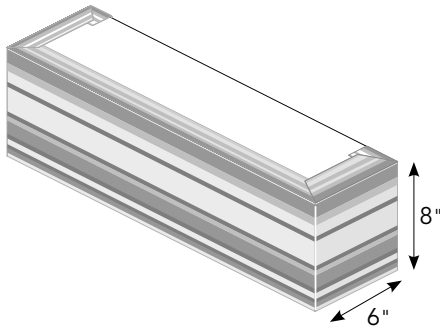

Inside Mount

- Cornices 94" exact or wider require a keystone
- Keystones will be equally spaced as illustrated
- Optional keystones can be ordered with single piece cornices.
- Minimum width with a keystone 12"

Cornice Options

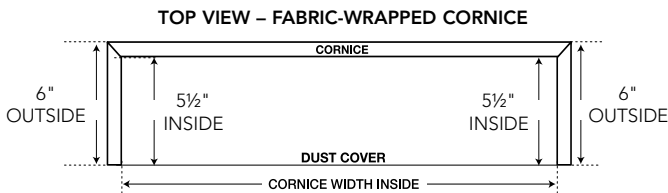

FABRIC-WRAPPED CORNICE

NOTE:
 Back inside measurements:
 Return measures: 5½" depth
 7½" height

To Order a Fabric-wrapped Cornice:

The fabric wrapped cornice will be produced to the inside cornice width (see Top View illustration below). The finished outside measurement of the fabric Cornice will be approximately 3" more than ordered width.

Features

- Available in most fabrics: see below for list
- Create a coordinated statement with your shade or use a bold contrasting fabric
- Outside mount only; 6" returns only (front measurement)
- Polyester batting under the fabric creates an upholstered appearance; a white fabric liner covers the dust cover and inside of the cornice for a finished look
- The Fabric-wrapped Cornice will be produced to the inside cornice width
- The finished outside measurement of the fabric cornice will be approximately 3" more than the ordered width

NOTE: Cornices will be shipped separate from blind. Manufacturer recommends installing blind and cornice at the same time.

Fabric-wrapped Cornice Size Limits	
	Outside Mount
Minimum Size	12"
Maximum Size	117½"

Fabric for all Fabric-wrapped Cornices will be turned width for height. The fabric cornice will run perpendicular to the pattern on Solar, Roller, Roman and Sliding Panel Shades.

Minimum return length is ½".

Maximum return length is 8".

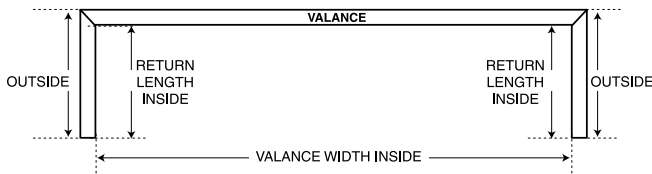

*Not available with Dual Shades.

NOTE: If the cornice is to be used alone (no product type selected), the return length must be specified at the time of the order.

General Information

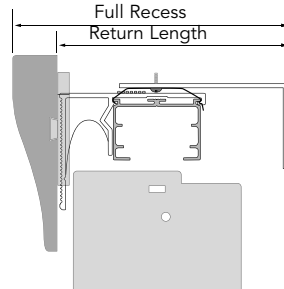

HOW TO MEASURE AND ORDER CORNICES AND VALANCES

TOP VIEW: VALANCE

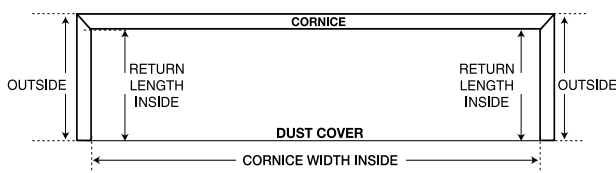

SIDE VIEW: VALANCE

1. Full recess is from front of valance to wall.
2. Return length is from miter to wall.
3. Partial recess: subtract actual window recess from return length to arrive at exact return length.

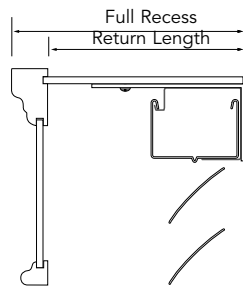

NOTE: Valances and cornices with returns are measured and cut from the **INSIDE** of the miter to ensure the most accurate fit when installed over the headrail or window frame.

TOP VIEW: CORNICE

SIDE VIEW: CORNICE

1. Full recess is from front of cornice to wall.
2. Return length is from miter to wall.

Wood cornices and valances are optional with your custom order or as a stand alone order.

OUTSIDE MOUNT cornices and valances are supplied with returns sized to cover the end of the blind back to the mounting surface. Custom returns may be ordered up to 8".

Minimum return length is 1/2".

Maximum return length is 8".

OUTSIDE MOUNT cornices include a dust cover to conceal the top of the blind.

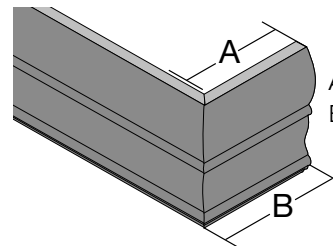

For blinds ordered as an **INSIDE MOUNT**, valances and cornices are supplied without returns and look best when the blind and valance or cornice can be completely recessed. Ends of the valance and cornice are straight cut. Returns **ARE** available for valance on inside mount blinds that are not completely recessed (must be requested at time of order).

INSIDE MOUNT cornices do **NOT** have a dust cover and returns are **NOT** available.

Additional ordering information:

- Please state at the time of order if the valance or cornice return measurements are for the **EXACT** size required so that no additions or deductions are made
- Valance and cornices will be shipped separate from blind or shade orders
- Manufacturer recommends installing blind or shade and valance/cornice at the same time

NOTE: If mounting over a horizontal product, the blind must be installed first as you will not be able to open the doors on the end brackets to insert the blind.

CUSTOM COLOR

Graber offers the unique option of custom color either paint or stain for Regal or Noble cornices. Use the following guidelines when placing your order:

1. Complete the Custom Color Match request form. Forms can be found on SWFconnect.com or graberdirect.com.
2. Supply Springs Window Fashions with a color sample labeled with the color name and purchase order number. The sample needs to be at least 2" x 2". For best results, submit a 3" x 3" color sample.
3. Send the order, along with the request form and color sample to:
 Springs Window Fashions
 ATTN: Graber Custom Color
 33 West 3rd Street, Suite 400
 Williamsport, PA 17701

4. Approval of the custom color sample is required on orders of six or more cornices. A sample of the custom color will be sent upon request for orders of less than six cornices. If a custom color sample is not requested, the sample provided will be used to manufacture the wood cornices. If the color sample is to be returned, please note this on your order.
5. Custom color samples will be sent for approval approximately two weeks after receiving the original color sample.
6. Once approval is received, fabrication of the custom color cornices will begin.
