

## DSC Proprietary and Distributed Products

### Hi-Tech® Fabric Roman Shades

A DSC exclusive, Hi-Tech Shades are fabricated in our Colorado facility. Available in DSC's designer fabrics and Customers Own Material (COM) and for that something special, Hi-Tech shades can now be ordered with banding or trim.

Our Hi-Tech Roman shades are the most precision made Roman Shade on the market: metal headrails and stabilizing slats assure precise width, length, pleat size, and shape. Manufactured in compliance with the current American National Standard Institute (ANSI) standards.

**Galaxy** - Flat, tucked style

**Waterfall** - Soft, flowing pleated style

**Mirage** - Soft, poufed style

**Variette** - Tailored vertical pleated style

**Elite** - Any standard style with insulating linear pleats

**Ultimate Galaxy** - Flat, cellular lined with no cord exposure on the back of the shade

**Ultimate Waterfall** - Soft flowing pleats, cellular lined with no cord exposure on the back of the shade

**Sun-Tech** - A solar Hi-Tech Roman Shade

### The Fabrics Collection Roller/Solar Shades

DSC's newest in-house fabricated sunscreen and roller shade line featuring a stunning assortment of over 80 styles, 19 eco-friendly, fire-retardant, blackout and/or transparent fabrics in a wide array of contemporary colors and distinctive patterns.

### Boulder Canyon Wood Blinds

Proprietary Wood and Faux Wood collection available with rounded slat corners and continuous cord loop. Competitively priced.

### Vienna Shades

A beautiful soft sheer with horizontal vanes. Available in room darkening and up to 120" wide.

### Eclipse® Shutters

Eclipse® is today's best selling shutter. DSC offers this easy to install, vinyl shutter at competitive square foot pricing with 7 day delivery and a 25 year warranty.

### Motorization

DSC Window Fashions has been motorizing window coverings since 1998. We specialize in battery and AC/DC automation. With DSC, a specialized and dedicated customer service representative is available to assist with all your motorization needs.

### Sheer Radiance

A sheer vertical alternative for those who want transparency and privacy. This unique product is a washable sheer that envelopes vertical vanes. Beautiful and soft with decorative valances to match.

## Graber® Products

### CrystalPleat® Shades

Graber's CrystalPleat shades are known for their ultra-soft look and feel. Fabrics are available in double cell as well as 3/4" single cell, and are available cordless for added safety benefits. Also, CrystalPleat shades are now available with the new Slide-Vue option; where the CrystalPleat cells run vertically rather than horizontal.

### Vertical Blinds

Graber Vertical blinds are made in-house in both fabric and PVC styles on the most reliable headrails in the industry: G-85 as well as the G-71.

### LightWeaves

LightWeaves fabrics are perfect for any room with high sun exposure. The assortment includes a variety of solid colors and beautiful jacquard weaves, all offering excellent visibility, glare control and temperature reduction. The cordless option for this product is remarkable!

### Tradewinds™ Natural Woven Shades

Tradewinds Natural Shades bring an element of outdoor beauty to any décor. This natural wood collection from Graber offers a variety of patterns and new upgrades to create a style that's all your own.

### Panel Accents

Panel Accents sliding panel shades finally give you a modern alternative to Verticals and at the same time, allows a sensible solution for today's wider windows.

### Horizontal Blinds

Choose from 1" to 3" depending on blind style: Aluminum, Vinyl (matching our vertical program), or Composite and Wood. Within this category, DSC offers a large variety: from value priced window coverings to Nanik, "fine furniture for windows." We also offer No-Holes for privacy and the Classic Supreme 1" metal blind in the cordless style.

### EvenPleat® and FashionPleat®

Graber's pleated shade collection is an inviting array of up to date colors and patterns. Also available with the cordless feature for added safety.

### Wood Shutters

With a wide array of options available, Graber makes it easy for you to customize Graber shutters to your practical needs and personal taste.

### Drapery Hardware

We offer a very good dependable line through Graber.

### We can Help you save money

Contact us for contract pricing on large orders.
